***Eye of the Moon* revitalizes or inspires a love for reading**

“While reading *Eye of the Moon* I felt completely transported to Rhinebeck. Through the descriptive imagery Ivan Obolensky used in his writing, I could taste the elegant dinners, I could feel the breeze outside the estate, and I could smell the pages of the books Percy and Johnny kept. It awoke in me a desire to read more and I consequently made my resolution this year to read one book per month- I want to make my way through Percy’s and Johnny’s collection! Thank you for this gift!” -Emilia Smith
